Describe your life before knowing Christ: your behavior, attitudes, beliefs, etc:

Conversion – Tell how God brought you from darkness to light:
(Use Scripture to testify about the saving message of the Gospel)

(What changed? Trusting and obeying your new Master, what behaviors had to stop, what started.)

- *His life before faith in Christ* (vs. 4-11): Paul told how he was raised very religiously, even as a Jewish leader. This led to an “anti-church” and “anti-Jesus” campaign. Zealously, he went around destroying the church (which is one of the reasons he called himself the ‘worst of sinners” in 1 Timothy 1:16).
- *His day of salvation* (vs. 12-18): Paul then proceeded to share what happened the day of his conversion. He talked about how he was humbled and confronted by the Messiah – the Christ – who drove him to his knees, where he eventually sought faith and repentance.
- *His current state* (vs.19-23): Paul concluded his testimony by sharing how he was now obedient to his new Master, Jesus Christ, preaching that people should “repent and turn to God and prove their repentance by their deeds.” Paul seized the opportunity to present his personal testimony as an evangelistic message that was intended for Agrippa himself, as well as many others who were present in the courtroom! (This serves as an example of how and why we should share our personal testimonies of God’s amazing grace in our lives to lost people.)
